Gardena Attorney Enters Contest for Senate Seat

Attorney Dudley Gray—a Democrat—today announced his candidacy for the State Senate seat from the 32nd District in the June 7 primary election.

Gray, 43, thus becomes the third announced candidate for the Democratic nomination in the district. Torrance Councilman David K. Lyman and San Pedro Attorney Harry Root also have entered the race.

The 32nd District includes portions of Torrance, Redondo Beach, and Lomita, and the communities of San Pedro, Wilmington, Harbor City, Carson - Dominguez, Watts and Willowbrook.

GRAY, a 20-year resident of the area, was graduated from Compton Junior College in 1946, following three and one-half years in the Pacific Theater with the U. S. Navy during World War II. He earned his law degree at Southwestern University School of Law and was admitted to the California Bar before he received his degree.

Long active in civic affairs, Gray is a past president of the Gardena Junior Chamber of Commerce and was the youngest man ever to serve as president of the Compton Bar Association and the Gardena Chamber of Commerce.

"The public is entitled to know principles upon which a candidate stands," Gray said. "Gimmick-like slogans and old clichés are a thing of the past."

HE LISTED a 12-point program which he proposes to introduce if elected. Points include:

- A reduction of automobile insurance rates by requiring state approval of proposed insurance costs. "There is no control on insurance rates in California at this time," he said.
- A reduction of property taxes and changes of assessment laws "to encourage rather than discourage property improvements by homeowners."
- Imposition of a tax equivalent on all businesses carried on by governmental agencies in competition with private enterprise.
- Equalization of state income tax on corporations, banks, and insurance companies.
- Imposition of controls on money lenders "who gouge the general public and who are not now controlled."
- Imposition of sanctions on unfair labor practices and on labor unions "which likewise commit unfair acts."
- Revision of welfare laws "to encourage a relief recipient to work rather than to give out ever-increasing doles."
- Immediate construction of the Dominguez State College.
- Elimination of controls on the price of milk. Gray said such a move would "effect a reduction of 7 to 8 cents per quart."
- Creation of a toll-free exchange between the 32nd District and Sacramento to improve and encourage communications between residents and their representatives.
- Work to provide jobs immediately for people in "the depressed and riot-torn areas of Los Angeles County."
- Get government out of business and keep business out of government, "thereby preventing undue influence by special interests."

Gray lives with his wife and three children in the southern part of the 32nd District and maintains offices in Gardena.

RC ACTIVE OVERSEAS
 Through its international services, the American National Red Cross was active in world-wide efforts to relieve and prevent suffering caused by war, disaster, sickness and hunger. The American organization continued to process monthly food packages for delivery to U.S. citizens held prisoner of war in China. Efforts also continued to deliver mail packages to U.S. servicemen detained by North Viet Nam and Viet Cong.
